

FCC Commissioners
The Federal Communications Commission RE: Docket 04-435
445 12th Street, SW
Washington, DC 20554

Dear FCC Commissioners ,

Flying is no longer the uplifting experience it once was, in fact since 9/11 it has become about as enjoyable as driving on I-4/Orlando during rush hour. Permitting cell phone use will allow passenger to productively use the time in the air or at the least provide a diversion to the fact that you have to fly in the first place.

Sincerely,

Dennis Connolly
